

220 Capacitance Manometer Pin-outs

For an AC Powered
Instrument

(Model Code '2') with a 6-Position
Connector

| Pin | Description |
|-----|---------------------|
| A | + DC Voltage Output |
| B | DC Voltage Return |
| C | + DC Current Output |
| D | DC Current Return |
| E | No Connection |
| F | Chassis Ground |

For a DC Powered Instrument

(Model Code '4') with a 10-
Position Connector

| Pin | Description |
|-----|-----------------------|
| A | +DC Voltage Output |
| B | DC Voltage Return |
| C | + DC Current Output |
| D | DC Current Return |
| E | 24 VDC Input Return |
| F | No Connection |
| G | No Connection |
| H | No Connection |
| I | Chassis Ground |
| J | +24 VDC Input Voltage |
